## National Night Out in the Village

Village residents from Eastgate, North Village, South Village and Horizon Run held National Night Out events in their communities on Tuesday, Aug. 4. Police officers and community groups distributed information about safety and entertained youth with fun and games. A special thank you goes to the Montgomery County Sixth District police officers for a wonderful night and for keeping the Village safe, 24-hours a day.

Eastgate residents came together to meet each other and share a sense of community. Officer Wagner showed youngsters the inside of a police cruiser.
